### The European Judicial Training Network Administrative Law Project

Created in 2011, the EJTN Administrative Law Sub-Working Group has been expanding its training offers, now providing high-quality judicial trainings in areas as diverse as EU Human Rights Law, EU Environmental Law, EU Direct Taxation, EU Asylum Law, EU Public Procurement, and much more.

Our trainings bring together judges and prosecutors from all EU Member States, offering Administrative Law professionals across Europe with a unique opportunity to discuss the most relevant developments in different fields of EU Law with their colleagues and selected legal experts.

In 2015, five trainings will be organized. All events are fully funded by the EJTN, and interested judges, prosecutor and judicial trainers are invited to apply through their **national EJTN member institution**.

For more information about our trainings, visit our **Administrative Law seminars** page, or browse our activities at [www.ejtn.eu](http://www.ejtn.eu).

For any queries, please contact [teresa.cabrera@ejtn.eu](mailto:teresa.cabrera@ejtn.eu).

We look forward to seeing you in our activities!
